## Job Description

---

Do You like strawberries? Let's pick them up! Work in familiar team in Bladel area sounds interesting?

Apply now!

Seasonal work harvesting strawberries in greenhouses and outside on special stands. Plants are mainly planted in modern greenhouses in special pots suspended at a height adapted to the average human height. Thanks to this, hanging strawberries can be picked easily and conveniently without having to bend over the path. Season will start in March and will continue until December.

Daily duties are: Starting with the flowers of the strawberry plants and after picking the strawberries.

Picking the strawberries is simple; you push a large trolley with you, which has different trays on top, based on the size of the strawberry and ripeness, you pick and place the strawberry in the right tray. You have to take care of the right amount of strawberries in the boxes and verify the quality of these boxes. To make the work even more fun, the greenhouses are filled with music.

High season will mostly depend on the weather, so there will be some quiet weeks also, where you are able to take a holiday.

### Worktime

It depends on current circumstances, but always between 6.00h and 18.00h Work schedules will be agreed with the client, this is the same for confirmations for holidays.

### Transportation

Travels from living location to work location will be by foot or by bike, because living location is near the working location. Travels from and to your home country are for costs of the employee. In case of flights to Eindhoven airport, we can arrange transport to and from the airport.
